However, an originating agency may, prior to the general distribution of an intelligence document, determine whether or not the intelligence document or the information contained therein is releasable to foreign governments. The originating agency may signify, by use of appropriate markings, that advance consent for release has been granted or denied.

b. "NOT RELEASABLE TO FOREIGN NATIONALS"

(1) The originating agency may abbreviate this stamp to "NOFORN".

(2) When the originating agency desires to permit the release to certain foreign governments, it will modify this stamp
